DEDICATION

This fifth index to the archdiocesan sacramental records is dedicated to all diocesan and religious priests, religious women, and religious brothers serving throughout the Archdiocese of New Orleans and continuing through their lives of selfless commitment the pioneer work and example of their countless predecessors.

This volume is also dedicated to the memory of His Excellency, The Most Reverend Francis Janssens, the fifth Archbishop of New Orleans (1888-1897). In 1889, it was he who undertook the second major renovation of the oldest building in the Mississippi Valley, i.e., the Old Ursuline Convent, precursor of the residence and chancery of the bishops and archbishops of New Orleans (1823-1913). Since the third major renovation in 1976-1978, the building has served as a repository and religious research center for the historical administrative archives of the Archdiocese of New Orleans.

Archbishop Janssens presided at the 1893 centennial celebration of the creation of the Diocese of Louisiana and the Floridas, and did much to move the Louisiana Church into the mainstream of North American Catholicism. His remains are interred in St. Louis Cathedral.

(Reverend Monsignor) Earl C. Woods,
Chancellor, Archdiocese of New Orleans

INTRODUCTION

This volume continues the series of publications begun in 1987 by the Archives of the Catholic Archdiocese of New Orleans.

This fifth volume includes all extant surname baptisms, marriages, and funerals that were recorded at St. Louis Church in New Orleans, St. John the Baptist Church on the upper German Coast (now Edgard), St. Bernard Church at New Galvez (St. Bernard Civil Parish), and the Royal Military Hospital in New Orleans between January 1, 1791, and December 31, 1795.

This volume is intended to assist those who seek information from the archives of the Archdiocese of New Orleans concerning their ancestors. The book is a complete index for all surnames found in these records between 1791 and 1795. This volume will relieve the researcher of the need to request a general search for a New Orleans area ancestor. Surname entries that do not appear in this index are not found in the archdiocesan records for this period.

A copy of archdiocesan policies concerning sacramental records is available upon request.

All enquiries and requests concerning sacramental records should be addressed to:

Format and Content

The format and content of this volume are shaped by its purpose. This book is an index to sacred acts - baptisms, marriages, and funerals - that were recorded at New Orleans, the upper German Coast, and St. Bernard for sacramental purposes.
Only those records with a decipherable surname are included. In some cases, the surnames are lost; in others, no surname was recorded. In addition, other entries where no surname is given are also excluded from this index: slaves; free persons of color; unnamed children; or anonymous adults who were buried in New Orleans, the German Coast, or St. Bernard.

The 2,950 entries in this index under 1,739 main surnames include baptisms, marriages, and funerals registered between January 1, 1791, and December 31, 1795, in sixteen sets of original records.

14. Libro primero de difuntos de blancos de esta parroquia de San Bernardo de la Nueva Gal[vez] consta de ciento ochenta y seis folios utiles y da principio con ciento trinta tres partidas trasladadas aqui por orden de S.S.Y. It includes funerals from June 6, 1787 to September 9, 1878.

16. [Death and Burial Records of Soldiers Who Died at the Royal Military Hospital in New Orleans, 1786-1796] numbers 325 used pages and is coded RHNO, Fl. It includes funerals of soldiers and convicts from August 17, 1786, to April 17, 1796.
The above coding system was necessitated by the use of a computer to index and edit records. To avoid confusion with older volume numbers (e.g., St. Louis Cathedral Baptismal Books III, 3 and 3a), those requesting certificates from St. Louis Cathedral registers should indicate both the volume number and the dates (e.g., St. Louis Cathedral Baptismal Book 11, 1786-1796).

One sacramental register is not included in this index: Libro primero de confirmaciones de esta parroquia de San Luis de la Nueva Orleans: contener folios y de principio al folio 1, consigne hasta que [?] Dios Nuestro Senor...ea servido...confirmaciones. A translation of this book of confirmations from 1789 to June 27, 1841, was published in 1967 by the Genealogical Research Society of New Orleans. At the time, sections of the volume was already badly deteriorated; further deterioration presently precludes a new, more scholarly translation.

Significant gaps in the Catholic sacramental records for this period continue. All the sacramental records from St. Charles Parish on the German Coast for these years are lost. The early St. Bernard, New Galvez, baptismal (1787-1801) and marriage (1787-1821) registers are also lost. The records of St. Bernard Church in Galvestown now housed at the archdiocesan archives contain no entries for this period. The St. Louis Cathedral records for this period are complete for the first time.

Each entry in this index includes the following information when it forms part of the original record: the person's name; date of ceremony; place of ceremony (when different from church where ceremony was recorded); type of ceremony (baptism, marriage, funeral); date of birth; occupation; age; parents' and grandparents' names; noble titles; and marginal notes concerning status and date of death. The city, region, and when mentioned, local Catholic parish of birth and residence, are also listed. Occasionally, the 19th-century cathedral clergy noted the death, marriage, or later surname of a long-time
parishioner next to the original baptismal entry. Such information is included, often as a "marginal note." When a particular detail is not found in an entry, this signifies that it was omitted in the original record [o] or is presently lost or illegible [*]. Several sacramental acts from earlier years were recorded during this period and are found in this index. The 1773 marriage of Estevan QUINONES and Maria DURIEUX was recorded by Fr. Antonio de Sedella in 1795.

The most important change in sacramental entries for this period is the Spanish clergy's policy of listing grandparents of a newly-baptized infant or child, often including details concerning their status, place of birth, or current residence. A single 1791-1795 entry can open the door to the birthplaces of all four grandparents.

This volume continues the editorial policies of earlier volumes concerning confidentiality; record accuracy; cross-referencing, surname variations; preferred spelling; division of marriage entries between husbands and wives; city and town spellings; the use of noble, military, and government titles; misspellings, omissions, and historical inaccuracies; page deterioration; and interchangeable and indistinguishable letters. For additional information on the use of this index, reference should be made to the INTRODUCTION to Volumes 1 through 4 of this series.
